Theoretical Perspectives

ARhAyas Productions LLC teachings presently exist on Earth as a growing body of detailed information pertaining to the spirituality and science of creation and the history and evolution of humanity. ARhAyas Productions LLC teachings offer unique perspectives, techniques and technologies of mind and spirit that have proven useful to many people in the exploration and expansion of personal consciousness. Information contained within ARhAyas Productions LLC teachings represents a cohesive paradigm of ideas, beliefs and perspectives reportedly translated from ancient texts, which together comprise an affirmative and inspirational "point of view" or "world view" regarding the tangible realities of spirituality, the mechanics of creation, the history of our universe and the potentialities of the human condition. Like many popular "New Age" and "Traditional" paradigms of spiritual, scientific and historical beliefs, many points of view presented within ARhAyas Productions LLC teachings extend beyond the framework of presently recognized spiritual/religious, scientific and historical "fact" that can be verified through common contemporary scientific procedures. Thus, like many other popular belief paradigms, including ALL known "New Age" and "Traditional" spiritual/religious doctrines and many fields of contemporary scientific study, the perspectives presented within the ARhAyas Productions LLC teachings must, too, be presently categorized as theoretical in nature.

The verifiable actuality, and thus the potential validity, of the presently theoretical spiritual, scientific and historical perspectives of ARhAyas Productions LLC teachings pertaining to the "Ancient Science of the Shields" (scalar-standing-wave templates of matter and consciousness), "Merkaba Mechanics" (interdimensional electromagnetic vortex mechanics), "DNA Tem-plate Activations" (frequency accretion within the scalar template behind manifest chemical DNA), "Interdimensional Structure," "15-Dimensional Anatomy", "Bio-Spiritual Healing" (support of biological healing and well being through holistic spiritual practice) and Humanity's Evolutionary Journey, perspectives which are featured within ARhAyas Productions LLC Tan-Tri-Ahura Programs and related published works of the ARhAyas Productions LLC, cannot at this time be "proved or disproved." Therefore, the ARhAyas Productions LLC Paradigm and its related teachings, techniques and technologies are offered to the public as a unique and inspirational view point, solely for the purpose of public investigation, consideration and theoretical exploration.

Though the presently theoretical categorization of ARhAyas Productions LLC teachings within the public sector is recognized, it should also be recognized that members of the ARhAyas Productions LLC as well as authorized ARhAyas Productions LLC translators/authors and teachers and many individuals within the international community, have personally chosen to accept the validity of ARhAyas Productions LLC teachings as representing more than a theoretical perspective, instead acknowledging the ARhAyas Productions LLC Paradigm as a factual reality interpretation, and practical worldview, through which progressive expansion of personal consciousness and coherent spiritual awakening are fostered. Such decision as to the factual or theoretical categorization of the

ARhAyas Productions LLC Paradigm, and the responsibilities inherent to this decision, are deeply private spiritual issues, and thus must be assigned to the faculties of personal discretion.

ARhAyas Productions LLC Meditations for Spiritual Exploration, Medical and Psychiatric Considerations

As the ARhAyas Productions LLC Paradigm is built upon presently theoretical spiritual, scientific and historical perspectives, any and all techniques and technologies offered through the ARhAyas Productions LLC Paradigm must also be considered as presently theoretical in nature, and thus any and all techniques and technologies presented within ARhAyas Productions LLC teachings are not intended to diagnose, treat or cure any disease or illness, nor are they intended as substitution for professional medical or psychiatric advisory or treatment. Techniques and technologies provided within ARhAyas Productions LLC teachings are offered to the public solely as "Meditations for Spiritual Exploration," with the intention of assisting to serve the further evolution of human consciousness through providing exposure to an expanded range of perspectives and potentialities. It is strongly recommended that individuals having a history of medical or psychiatric difficulties, or whom are presently under the care of medical or psychiatric professionals, seek professional advisory before using any ARhAyas Productions LLC Meditations for Spiritual Exploration techniques or technologies.

Since introduction of ARhAyas Productions LLC Meditations for Spiritual Exploration techniques and technologies many people have claimed to receive beneficial affects and effects in the development and expansion of personal consciousness and spiritual awakening through use of ARhAyas Productions LLC techniques and technologies. There have also been a lesser number of reports of individuals claiming to receive no affect, effect or benefit at all, but there have been no reports of individuals claiming adverse medical, psychiatric or psychological affects or effects in conjunction with use of ARhAyas Productions LLC techniques and technologies. As a reflection of commitment to responsibility in presentation, ARhAyas Productions LLC techniques and technologies are not presented for exploration in the public domain until they are first and/or simultaneously explored, utilized or practiced by authorized ARhAyas Productions LLC translators/authors/ teachers and members of ARhAyas Productions LLC Board. Though validation of factual actuality pertaining to affects, effects or benefits of practicing ARhAyas Productions LLC Meditations for Spiritual Exploration techniques and technologies must, like the techniques and technologies themselves, for the present time remain within the realm of theoretical exploration, it can be reported that findings pertaining to the practicality of utilizing ARhAyas Productions LLC techniques and technologies have consistently revealed that affects and effects of such practices are quite individualized, though predominantly positive, in nature. Therefore, however, no claims, promises or guarantees as to the affects, effects or benefits an individual might expect to encounter through use of ARhAyas Productions LLC techniques and technologies can be offered at this time. Utilization of ARhAyas Productions LLC Meditations for Spiritual Exploration techniques and technologies presently remains within the category of experimental self-exploration, through which absolute conclusions regarding generalities of mass affect, effect, benefit or detriment cannot yet be drawn. An individual's involvement with ARhAyas Productions LLC teachings, techniques and technologies represents a choice of personal decision and discretion, and thus responsibility pertaining to affect and effect of practice that are inherent to this choice must also remain with the individual.

Claim of Authenticity

In offering ARhAyas Productions LLC teachings for public exploration, neither the translators/authors, publishers, promoters or related individuals and organizations make any claims whatsoever as to the factuality of ideas or perspectives contained within the ARhAyas Productions LLC Paradigm. Though the ARhAyas Productions LLC teaching texts themselves do on occasion claim that certain ideas and perspectives are of a factual nature, such claims represent points of view intrinsically contained within the ancient texts from which contemporary translations

are drawn. The authorized translators/authors of contemporary ARhAyas Productions LLC teaching texts hold a binding commitment to ensure the clearest and most accurate translation of ARhAyas Productions LLC texts as possible under current evolutionary circumstances; a commitment to clarity and accuracy of translation that must include the allowance of contemporary translation of any claims of factuality as they are contained within the ARhAyas Productions LLC texts of antiquity. Information represented as factual knowledge within the ARhAyas Productions LLC texts of antiquity, and their contemporary translations, is understood to represent "potential or possible factuality, expressed as factuality within the ancient texts, but which presently resides within the domain of theory" within the context of contemporary publication.

The contemporary translators/authors of ARhAyas Productions LLC teachings claim only that the ARhAyas Productions LLC text translations contained within presently published works bearing their authorship represent an "as-accurate-as-possible" translation of ARhAyas Productions LLC text records believed to have been created in ancient times, which the contemporary translators/authors have had opportunity to review through authentic personal experiences. Translators/authors thus make claims only as to the authenticity of their personal experiences through which review of ancient ARhAyas Productions LLC text records occurred and as to the factuality that translation of the reviewed ancient ARhAyas Productions LLC texts into contemporary English language has been rendered by them as clearly and accurately as possible.

As the original ARhAyas Productions LLC texts of antiquity are not presently in the direct possession of authorized contemporary translators/authors, and thus contemporary translators/authors cannot at this time publicly display these artifacts in order to validate the reality of their continued existence and verify their inherent content, those who explore contemporary ARhAyas Productions LLC texts translations must understand that such works are presented as theoretical perspectives and possibilities, the validity of which one may choose to believe, or disbelieve, upon the merit of one's personal discretion. If ideas, concepts or perspectives contained within the ARhAyas Productions LLC texts, their contemporary translations or related teaching materials bear any resemblance to ideas, concepts or perspectives contained within any other presently known spiritual/religious, scientific or historical paradigms or teaching systems, such resemblance is purely coincidental. However, the event of such coincidence arising may potentially suggest that both the ARhAyas Productions LLC Paradigm and paradigms to which it might bear resemblance may have arisen from a common source in antiquity that has yet to be discovered or scientifically verified, but which would upon discovery lend credence and clarity to such coincidence.

Terms, Conditions, Agreements and Implied Consent

As contemporary ARhAyas Productions LLC text translators/authors can make no claims or promises as to the factuality of ideas and perspectives presented within ARhAyas Productions LLC teachings, they likewise cannot offer any claims, promises or guarantees as to the affects or effects that may or may not arise through personal use of ARhAyas Productions LLC teachings or Meditations for Spiritual Exploration techniques and technologies. The responsibility for decision to engage involvement with ARhAyas Productions LLC teachings, techniques or technologies rests with each individual, and thus the responsibility for any affects or effects that may or may not occur in conjunction with use of ARhAyas Productions LLC teachings, techniques and technologies must also rest with the individual. The Meditations for Spiritual Exploration techniques and technologies provided within ARhAyas Productions LLC teachings represent translations from the ancient ARhAyas Productions LLC texts, and are provided to the public as an option for personal spiritual exploration, investigation and experimentation, to be utilized at the personal discretion of the reader or workshop attendee.

As stated in numerous public forums and workshops since, in choosing to utilize ARhAyas Productions LLC teachings, techniques or technologies it is understood that in so doing the individual accepts full responsibility for any and all conditions that may or may not occur in conjunction with such practice. It is further recognized that the individual, through the act of utilizing ARhAyas Productions LLC teachings, techniques or technologies, thereby through this act agrees to release ARhAyas Productions LLC, Trustees, authorized ARhAyas Productions LLC translators/authors, teach-ers, promoters and any individuals and organizations thereto related, from any and all claims of liability or damages perceived or assumed to occur in conjunction with involvement in ARhAyas Productions

LLC teachings, techniques or technologies. This statement of Terms and Conditions represents a written Notice of Implied Agreement and Consent to Liability Release in regard to involvement with ARhAyas Productions LLC teachings, techniques and technologies. This Notice of Implied Agreement and Consent of Liability Release represents a reiteration in specific written format of previously provided notice as to the necessity of taking personal responsibility for any and all consequences arising from chosen involvement with the ARhAyas Productions LLC Paradigm; notice which has been frequently provided verbally in public forum. It is recognized that the Implied Agreement and Consent to Terms and Conditions of Liability Release stated here within is accepted and enacted as such upon the act of chosen involvement with and/or practice of ARhAyas Productions LLC teachings, techniques and technologies. If one is uncomfortable or in disagreement with this stated Notice of Implied Agreement and Consent to Terms and Conditions of Liability Release, it is suggested and recommended that one choose at this time non-involvement with ARhAyas Productions LLC teachings, techniques and technologies, until a future time wherein such concerns have been assuaged.

A Commitment to Quality and the ARhAyas Productions LLC Course-book Manuals

The authorized ARhAyas Productions LLC translators/authors, members of the ARhAyas Productions LLC, ARhAyas Productions LLC, Trustees, teachers and promoters of the ARhAyas Productions LLC Paradigm extend their greatest efforts in making ARhAyas Productions LLC teachings available for public exploration in the most responsible and respectful manner possible, whilst striving to maintain the highest standards of integrity in ARhAyas Productions LLC text translation and teaching. Intrinsic to such responsibility in presentation, authorized ARhAyas Productions LLC translators/authors, members of ARhAyas Productions LLC, Trustees and authorized teachers and facilitators of ARhAyas Productions LLC programs are all individuals who personally believe in the factuality of the ARhAyas Productions LLC Paradigm and who actively participate, for personal spiritual reasons, in ARhAyas Productions LLC programs, including personal utilization of ARhAyas Productions LLC techniques and technologies. These individuals all share a common commitment to achieving and maintaining integrity, quality and responsibility in public presentation of ARhAyas Productions LLC teachings; this shared commitment arises from a commonly shared, individually held, reverence, respect, appreciation for, and belief in the validity of, the ARhAyas Productions LLC Paradigm, its inherent teachings of personal spiritual self-discovery and the limitless potentialities of human consciousness that this paradigm suggests. On behalf of this commitment to quality, may it be understood that ARhAyas Productions LLC Course-book Manuals, as featured within the ARhAyas Productions LLC Tan-Tri-Ahura Programs and other ARhAyas Productions LLC teaching programs, do not represent completed books, but rather exist as companion text briefings that are created in conjunction with specific corresponding live workshop presentations which are preserved via audio/ video recordings that are made available on the ARhAyas Productions LLC Products List as specific Program Sets. The Course-book Manuals that accompany some of these audio-video workshop programs contain only the charts, graphs and most pertinent information pertaining to their corresponding audio-video program, and do not contain the many pages of dialogue and detailed explanation that is incorporated verbally within the audio-video program. Thus ARhAyas Productions LLC Course-book manuals are not intended to be used alone, but are rather intended for use as an additional educational aid in conjunction with their corresponding audio-video workshop program.

As new ARhAyas Productions LLC workshop materials are often released and translated during live workshop presentations, the corresponding Course-book Manuals and their inherent graphs and charts often reflect the immediacy of the new information provided in that they are initially rendered “in-the-rough,” often with portions of text in hand-written form, not yet “perfected” for book publication with appropriate dialogue text detail, typesetting, computer graphics, pagination and indexing. As each new workshop has introduced the next level of new, live ARhAyas Productions LLC data translations, there has been insufficient time to “move backward” and perfect the quality of production pertaining to ARhAyas Productions LLC Course-Book Manual texts from previous workshops. The information and new ARhAyas Productions LLC teachings contained within each workshop program always reflect the standards of integrity and quality inherent to the ARhAyas Productions LLC Paradigm, but often timely

public release of new materials is achieved at the expense of quality in product production. The ARhAyas Productions LLC staff apologizes for any inconvenience that such "data-in-the-rough" may cause; however, if workshop programs were withheld from Product List release until their audio/video recordings and corresponding Course-book Manuals were "perfected" in terms of product production, it would be several years before these materials were released for public review. As new ARhAyas Productions LLC teachings are often time-sensitive in regard to the unfolding of planetary events, especially since 2000, it has been of greater priority during this time to expedite availability of the ARhAyas Productions LLC teachings contained within the products, than it has been to demonstrate the standards of excellence in quality product production that remains a goal of ARhAyas Productions LLC.

For the time being, ARhAyas Productions LLC audio-video-Course-book Programs are in a state of continued evolution, as the small staff at ARhAyas Productions LLC, with the assistance of numerous individuals who volunteer their time and talents, endeavor to compile dialogue transcripts and perfect typesetting, computer graphics and format organization of previous ARhAyas Productions LLC workshop presentations in effort to fulfill the goal of creating "perfected" book publications that contain, and "do justice to," the vast body of quality teachings that have been presented during ARhAyas Productions LLC workshops. The commitment to achieving excellence in quality of production, as well as quality of information, that is held by members of ARhAyas Productions LLC staff arises from the personal desires of staff members to "honor the spirit of the teachings" which they have found personally valuable, as well as from a desire to provide the best possible quality of product and service in spiritual respect to the public. Until the goal of achieving "perfected" product production quality is actualized, ARhAyas Productions LLC staff hopes that the public will share in the recognition that it is the quality, and inherent substance, of ARhAyas Productions LLC information, more so than the "package that it comes in," which demonstrates the value of ARhAyas Productions LLC educational products.

The Integral Bridge™, KrystalbridgeWay™ Carrier Wave & the Krystal River™ Mission

Live-stream Broadcast-1: Saturday 12/20, Sunday 12/21 & Monday 12/22, 2014, ETA: 9-11PM USA Eastern Standard Time, from *Cathedral-1 KrystalbridgeWay™ Network*, Sarasota, FL.

Day-1/Session-1 INTRODUCTION:

- **Why is this course suitable for people of any skill and knowledge level regarding the AMCC-MCEO-GA™ Translations?** EVERYONE has 2 primary things in common.
- 1. Currently we are ALL in a **physical human body**.
- **2.** Currently we **ALL reside on a planet** that has engaged a **Krystal River™ Fail-Safe Host Cycle**. This means that the planetary frequency spectra is now beginning to increase or "Up-Shift" in very specific ways, and will continue to do so over the course of the next 900 years. In response to the planetary frequency Up-shift, all biological forms will be evolving progressively to adjust to the Earth's changing frequency. This process is referred to as **EarthCync™.** EarthCync™ is a progressive process of biological Plasma Body activation that allows for progressive synchronization between the vibrational encryptions of the personal and planetary Plasma Body structures.
-
- **Plasma Body activation techniques of the Krystalbridge™ Network work to engage EarthCync™ regardless of skill or knowledge level.** As EarthCync™ progresses, the personal Integral Bridge™ frequency accretion allows for and amplifies personal access to progressively accelerating skill level and corresponding knowledge.

What are we developing skill in during this Course? Proga™ -"Projection Yoga"-"yoga for your mind" (theoretical neurogenesis+) Plasma Body Projection for Plasmantik™ Indiction. (also Polarity Restoration to Organic Grid Alignment)….

-**Why is this worth learning?** For **EarthCycn™** via progressive **Integral Bridge™** frequency integration, so that we may evolve with the Earth, through synchronizing personal to planetary time-wave, as Earth progresses in the Krystal River™ Fail-Safe Host.

Also for theoretical trans-dimensional neurogenesis to be able to progressively consciously experience Eternal life realities in other space-time locations, planes and dimensional fields, in preparation for eventual passage there either via transfigurative transmigration bio-gate passage or conscious bhardoah gate passage. First "Voyages" to Median Earth planes 2317AD, eventually to ARI-yah Authentik-Eternal Earth D-Planes Inner Creation.

-Least you need to know:

- ***Personal and Planetary Multidimensional Anatomy****: Grids, Gates and Personal Anatomy-* ***Briefing*****:** Light Body- Crystal Body, Rasha Body, Spirit Body, **PLASMA Body**
-

-Why Plasmas?

Internal Creation D-Planes Spectra of the Krystal River™Fail-Safe Host "run the plasmas", all other structures and their frequency spectra are External Creation spectra, and do not open flows to Internal Creation until plasma body activation (**TrhU'-ah Body**) occurs.

8/2011 Earth engaged the Krystal River™ Fail-Safe Host that is run via the D-Planes Internal Creation spectra, so earth will begin progressively running the Integral Bridge D-planes spectra, creating progressive activation (900 years) of Earth's Plasma Body. 12/20/2014 Earth engages TrhU'-ah Body Plasma Body activation. The only way bioforms can "keep up with the planetary Up-shift" is via biological Plasma Body activation. This process is called **EarthCync**™; it enables the biological body to keep up and synchronize with the progressive Planetary Plasma Body activation of the Krystal River™ Host.

Activation of Earth's planetary TrhU'ah Body (12/20/14 start) will begin triggering personal plasma body activation in all bio-forms. If the genetic structure of a biological form is not capable of running plasmas due to damage to the Chismatic Template, the biological form will be unable to "ride the wave of EarthCycn™ Up-shift" with the planetary Plasma Body Progression.

Working consciously with Proga™ and Plasmantik™ Induction technologies assists and expedites the process of clearing Chismatic Template distortions, to facilitate biological harmonization with Earth's "Up-Shifting Plasma Body activations", hence enabling biological life-forms to engage the Krystal River™ Fail-Safe Host.

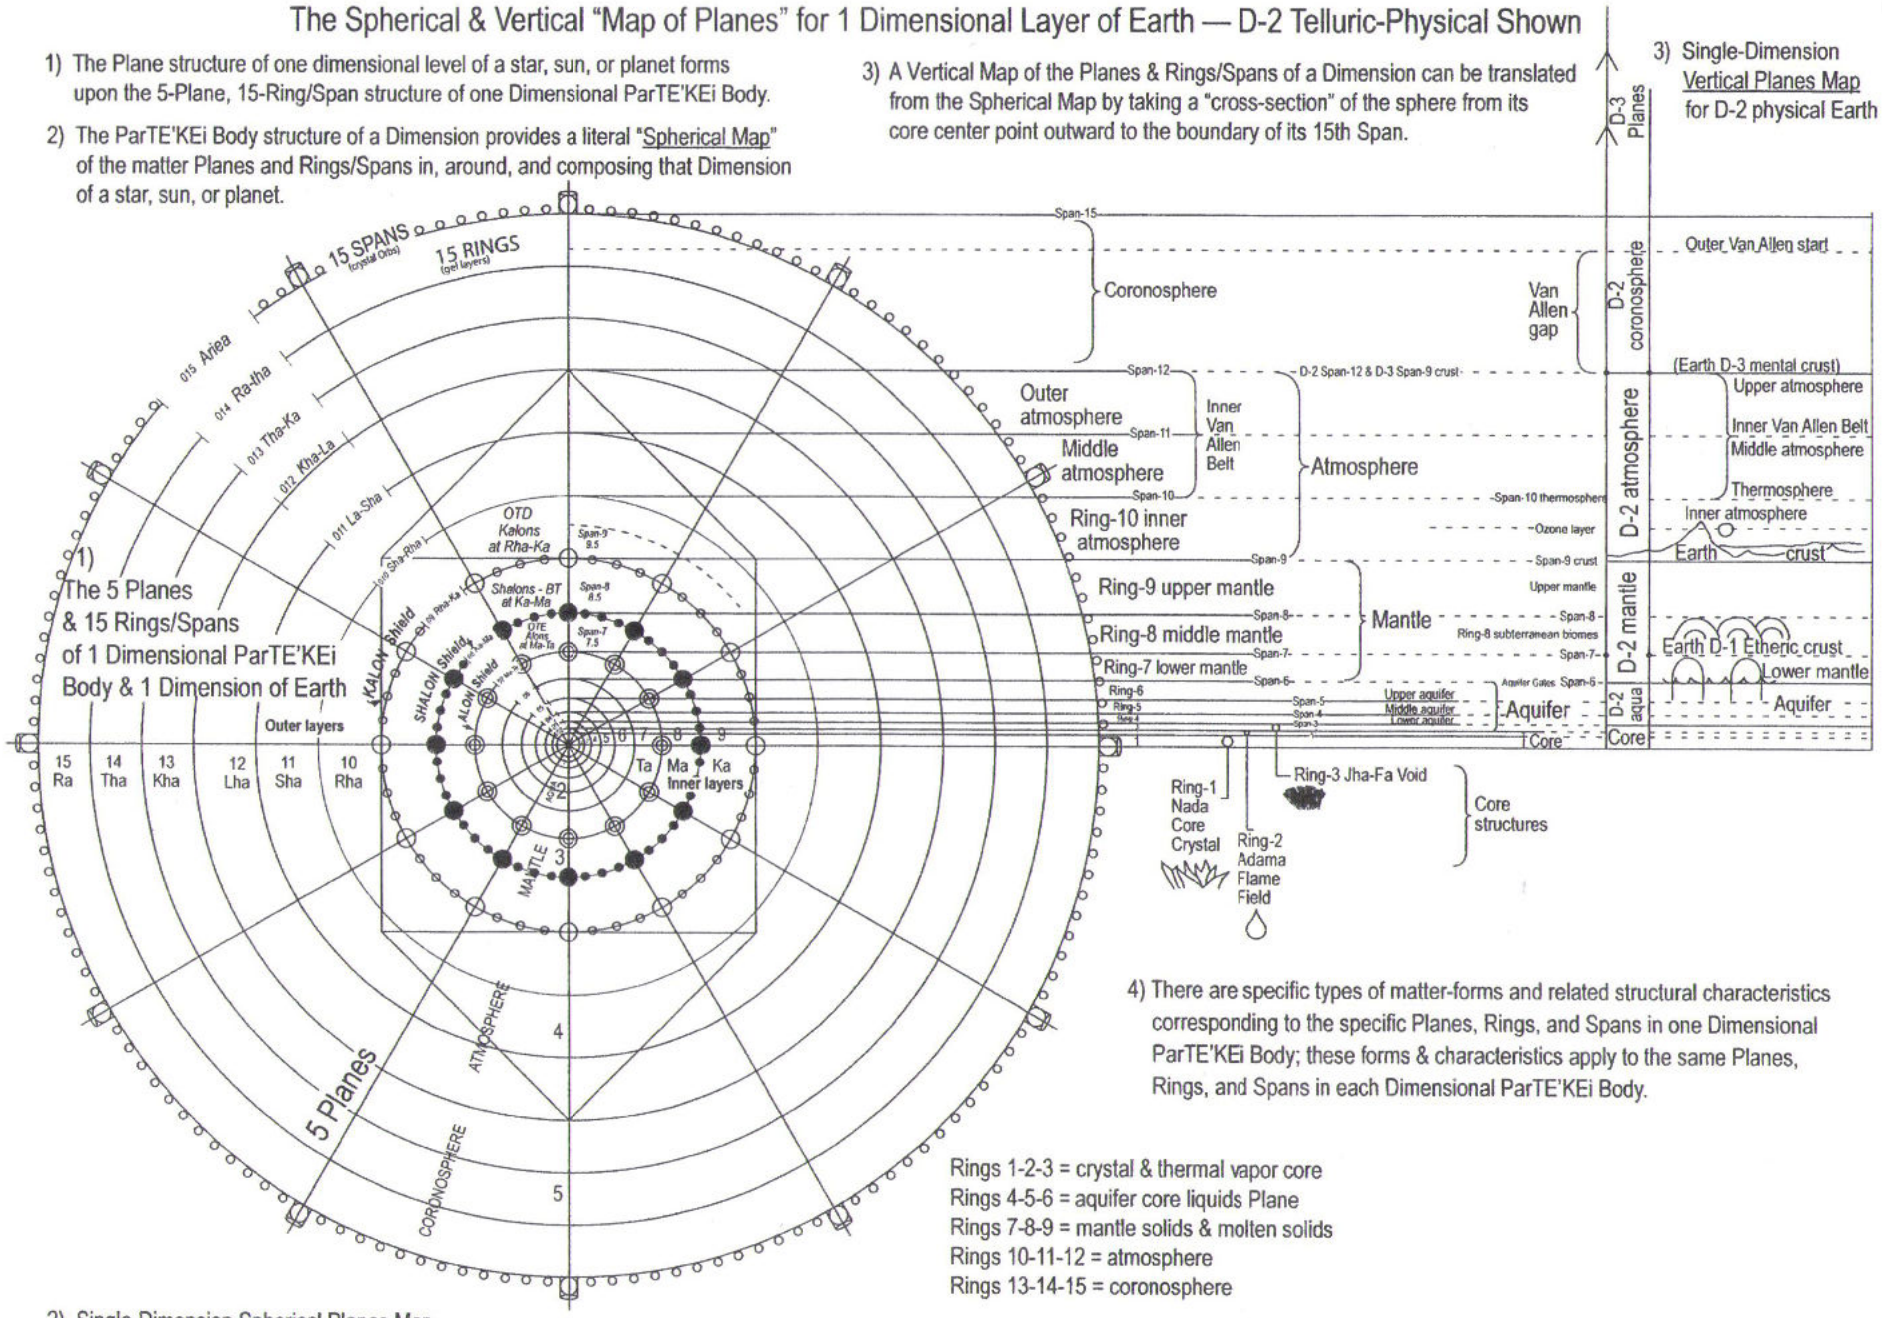
The Spherical & Vertical "Map of Planes" for 1 Dimensional Layer of Earth — D-2 Telluric-Physical Shown

1) The Plane structure of one dimensional level of a star, sun, or planet forms upon the 5-Plane, 15-Ring/Span structure of one Dimensional ParTE'KEi Body.

2) The ParTE'KEi Body structure of a Dimension provides a literal "Spherical Map" of the matter Planes and Rings/Spans in, around, and composing that Dimension of a star, sun, or planet.

3) A Vertical Map of the Planes & Rings/Spans of a Dimension can be translated from the Spherical Map by taking a "cross-section" of the sphere from its core center point outward to the boundary of its 15th Span.



2) Single-Dimension Spherical Planes Map of D-2 physical Earth

3) Single-Dimension Vertical Planes Map for D-2 physical Earth

4) There are specific types of matter-forms and related structural characteristics corresponding to the specific Planes, Rings, and Spans in one Dimensional ParTE'KEi Body; these forms & characteristics apply to the same Planes, Rings, and Spans in each Dimensional ParTE'KEi Body.

Rings 1-2-3 = crystal & thermal vapor core
Rings 4-5-6 = aquifer core liquids Plane
Rings 7-8-9 = mantle solids & molten solids
Rings 10-11-12 = atmosphere
Rings 13-14-15 = coronosphere

Span-6 — holds Aquifer Gates
Ring-8 — holds the subterranean biomes & Crystal Temples
Span-9 — carries the crust of the planet, star, or sun and its surface waters & topography

1) The Plane structure of one dimensional level of a star, sun, or planet forms upon the 5-Plane, 15-Ring/Span structure of one Dimensional ParTE'KEi Body.
2) The ParTE'KEi Body structure of a Dimension provides a literal "Spherical Map" of the matter Planes and Rings/Spans in, around, and composing that Dimension of a star, sun, or planet.
3) A Vertical Map of the Planes & Rings/Spans of a Dimension can be translated from the Spherical Map by taking a "cross-section" of the sphere from its core center point outward to the boundary of its 15th Span.

Codes of Behavior

Each time we start to work with our attitude, we deal with something that affects the physical, something that affects the emotional, and something that affects the mental. So, you will always have the physical, emotional, and mental level to bring into harmony with each other. Bringing these into harmonious balance raises our attitude to the next level of consciousness.

The Attitudes of Mastery are concepts the mental body can use to choose, look at, think about and try to feel what it might be like to look at life that way. The Attitudes of Mastery are filters you can consciously choose, instead of the ones that are culturally programmed in. Most of the filters we choose to look at the world through are subconscious. However, we can choose our filters. It may take awhile to integrate what the Attitudes really mean and the feelings associated with them, feelings that will heal aspects of the Shadow Body and get the mind to a space where it understands that we do not have to get caught in certain reaction patterns. *We have a choice in any situation*; we can act or we can react.

When we react, somebody else or something else is controlling our power. We are just giving a knee jerk reaction to whatever somebody else decided to create. Remember that *your consciousness is the camera and you can change the filters*. Beliefs are ideas. Ideas turn into sound patterns of electromagnetic Light and Sound when they are in the body. If your beliefs and the things that you choose to honor with your mind are not in Divine Alignment as far as what creates harmony and peace, it will literally create blockages in your bio-energetic field that block the ability of the higher levels to integrate. *(Speaker 1, Egypt 2000)*

Most of us are looking at the world through our Shadow and we do not even know that is happening—we just feel it. That is where we get the fear feeling, the worry feelings, and the anger feelings. Also where we get the days when we are absolutely manic—you are just wired, the frequencies are working—you feel good that day. Then you get the opposite, and you go into depression. All of these things are the play between the energies of the Light and the Shadow within each person. The Shadow does not use any of these attitudes as filters. It uses fear, lack, and feels it has to take in order to survive, because it is afraid of not surviving at the core of its being.

"If we can learn to choose action, and choose our filters, and realize we had that choice in the first place, *we can choose the 12 Attitudes of Mastery—this is where it begins*."
(Speaker 1, *DFL, disk 10*)

The Attitudes and Co-Creation

"The conscious mind plays a role in whether we experience our hologram in freedom or in chains."
(Speaker 1, Dance for Freedom, France)

Attitude is everything. Attitude can determine whether you are in a state of turmoil or nervous breakdown, or whether you are in a state of Grace and Peace and you walk around smiling anyway, no matter what is going on. It does not mean a false smile. It means, if you are feeling yucky, let yourself feel yucky, but tell yourself, "Ok, I am processing this. I will get rid of it. I am not going to take it out on other people, but I honour myself enough to let me process it. I am not going to force myself to smile when I know I do not feel that." It means *not getting stuck* in the feeling. *(Speaker 1. Dance for Joy II, Andorra)*

The Attitudes are simple things you can take with you. You do not have to remember a billion different formulas of Merkaba mechanics to make a shift in the ideas and the words you are telling yourself about a situation. "I feel yucky, ok, my body is purging." What is yucky anyway? What is disease? It means your body is trying to get itself back to health. If you look at disease as a big bad thing that invades your body and causes you harm, and you are this poor little victim of disease, you are setting in motion something that will chemically suppress your own immune system so that reality becomes more and more true." *(Speaker 1, Dance for Joy II, Andorra)*

When you find yourself having emotional, mental, or physical issues, if you tell yourself "My mental, emotional or physical body is trying to rebalance itself back to its natural state of health," you are *reaffirming* that the natural state *is* health. You are looking at the dissidence as being simply a part of the body rebalancing itself. This completely changes the chemical reality of the word disease when it registers in your body. It helps to strengthen your immune system. There are certain thoughts that increase the body's production of endorphins, resulting in happy feelings of health and healing that actually strengthen the immune system. Scientists are starting to find this out. They are beginning to do research with using affirmations and thought ideas, to see what they do chemically in the body.

Many times we feel powerless here on this planet. All of us are made to feel small. People are raised with belief systems that teach that you are small, insignificant and cannot make a difference and that the individual does not mean anything. When we start to see what we are a part of, we start to realize we *can* make a huge difference. If it were not for the people who paid attention to the work of the Guardian Alliance, we would not have anyone here on this planet to anchor the frequencies needed for the Christos Mission. If it were not for the information being brought back here, and if it were not for people like you that were listening to that information and felt the resonance within you, everyone would be activating their metatronic merkaba. We would all be descending into black hole fall and thinking we were ascending into Christ Consciousness. *(Dance for Joy Part 2. Andorra 2003)*

12 Responsibilities of Mastery

1. **Self-Actualization**: Freedom from the "Victim-Victimizer Blame-Game" and willingness to be accountable for all perceivable manifestations as direct projections of intended learning from the personal Consciousness/DNA Template.

2. **Self-Sovereignty**: Freedom from the need for approval from, or the need to rebel against any form of "external authority" through understanding that you, as a manifestation of the God Spirit, have the ability to create personal freedom without violating the spiritual rights of others and without allowing others to violate your spiritual rights of being.

3. **Self-Containment**: Taking personal responsibility for, and realizing that at all times, you are accountable for DIRECTING PERSONAL ENERGIES. There is no one or no thing that "upsets you" and thus justifies or validates ANY personal spiritual misuse of reaction, idea, intention or action. It is YOU who "upsets yourself" by allowing the emotional body to follow misperceptions of the mental body that tell you that your power lies outside of yourself. At any given moment, you can CHOOSE which words, associations and ideas you will use as the filters through which you interpret an event. "UPSET," "MAD," HURT" or any other category of labeling (conscious or subconscious) are all MENTAL BODY FILTERS that direct emotional and physical body function. The self contained individual recognizes that at all times, the freedom of interpretation exists, and thus a "negative" experience and its associated dis-harmonic energies of "upset" feelings can only exist as a personal interpretation of events. Accepting any less responsibility for the direction of personal energies will place you directly into the Victim-Victimizer "Blame Game," which can only take place among people who are placing their personal power and responsibility for manifestation onto externalized sources. Only you have the power to "upset yourself." Regardless of what others say or do, you are fully entitled to your own interpretation. No one or thing has the power to upset you unless you give this power away. Self-Containment comes when one recognizes that the direction of personal energies, whether physical, emotional, mental (ideas, beliefs, labels, interpretations), conscious or subconscious is an attainable level of personal mastery and exists as an implied responsibility that comes with the gift of free will choice. The more responsible you become the greater freedom and personal empowerment you will know.

4. **Self-Discipline**: Accepting responsibility for directing personal energies toward, rather than in opposition to the outcomes you desire to experience. The physical, mental and emotional bodies have long been directed by the subconscious forces of the hidden "Shadow," creating within us urges, reactions, thoughts, impulses, perceptions and feelings that often work counter to the life creations we desire to manifest. Part of spiritual mastery entails teaching ourselves to be consciously diligent in observing our own minds, emotions and physical body-talk, so that we may employ conscious redirection of subconscious Shadow energies that run on "auto-pilot." If we learn to "catch ourselves" when "negative" thought patterns or emotions run through us, we can use that moment of recognition to reclaim this errant energy and consciously use the power of affirmative attitude, remedial word choice and direct energy *redirection* to direct opposing energies of the Self into fulfillment of desired constructive, spiritually mature creations. It takes Self-Discipline to become the "Lion Tamer" of the often roaring subconscious mind, but we do have the intrinsic power to help our subconscious Shadow to evolve through loving but firm redirection, into a "cuddly lap cat" that will gladly join us in our constructive co-creations. Self-Discipline emerges when we consistently remind ourselves to employ the "Spiritually Correct" thought, action or attitude, even if we do not "feel like it" when the Shadow sneaks up from "down under." The Shadow parts of Self surface so that we may see these parts of Self come to the conscious mind for healing. Through this process, the conscious mind itself can learn greater attributes of mastery.

©2014 ARhAyas Productions LLC: E'Asha Ashayana, All Rights Reserved.

5. **Self-Love:** It is our own responsibility to love and nurture ourselves through the limitless gift of Divine Spirit that moves through us at every moment. Genuine love must come from within and can only be gained though genuine spiritual connection to the eternal God Self and its inherent connection to all creation. If we seek love "on the outside" in order to fulfill a personal loneliness or lack within, we enter relationships as "energy vampires." In doing this, we are seeking a substitute for our personal God-Source connection through tapping into the God-Source embodied within other people or beings. This is not "LOVE." It is "NEED." This implies the "LACK" of something essential, which in turn implies a limited personal connection to God-Source Universal Consciousness. Such lack cannot be filled by external "love." It can only be filled by recognizing the God within you, and thus recognizing that you are a living embodiment of absolute love. Once this is recognized, you will HAVE the greatest love of all, God Love. And from this Position of Divine Power, you can go into the world seeking those to whom you can give this love, rather than seeking those from whom you can "get" love. When love is approached through Self Love, the motivation is to give joyfully, knowing that anything you might need can be made manifest through the Love of the active God-Source that you carry inside yourself. Self-Love is a responsibility of spiritual maturity.

6. **Spiritual Integrity:** It is our absolute responsibility to choose to act with Spiritual Integrity at all times. There is no excuse to knowingly violate the spiritual rights of others, regardless of how poorly they may react to you. Spiritual Integrity requires that we begin to LOOK AT what we are REALLY doing in the way we live our lives. Do our eating habits violate the plant, animal or Earth kingdoms? Do our choices of words and actions show respect for other people and other life forms? Do we "play the survival of the fittest" lack-game to give ourselves an excuse for unethical behaviors in money matters, such as showing our silent rebellion against the government by trying to "cheat" on taxes, or by "showing up" a fellow employee at work to prove you are more worthy and thus more entitled to favor? Do you "tell people what they want to hear" in order to gain their approval and support, even if it is not fully true and does not reflect your personal needs or feelings? Do you try to "get others to do your share" as far as work or responsibilities?

Do you use erroneous excuses such as race, gender, creed, academic or economic status to justify disrespectful, exploitative or unkind treatment of others? Spiritual Integrity requires that we take a good hard, frequent look at how we conduct our lives, to face the areas of activity in which we are performing in less than spiritually congruent ways and to employ active commitment and discipline to bring these areas of our lives into Spiritual Integrity. One does not "get through the gates of Heaven" (or anywhere else desirable) through using excuses for not employing *genuine*, not feigned, Spiritual Integrity. *Cultivating Spiritual Integrity is a major responsibility on the path of spiritual mastery*, and the way the universe works, you "cannot leave home without it." This means there is a biological reality of Spiritual Integrity that manifests chemically within the DNA as a result of that state and focus of consciousness. If you do not possess a sufficient amount of Spiritual Integrity in your consciousness, neither will your DNA Template. And though you might be able to "pull the wool over the eyes of others," your own biology will eventually be your own taskmaster. Passage through any stargate requires a sufficient amount of chemically encoded Spiritual Integrity of consciousness.

©2014 ARhAyas Productions LLC: E'Asha Ashayana, All Rights Reserved.

7. **Appreciation:** Our present society continually teaches us to "want more," "need more," "be more," "do more" etc. We are constantly influenced to perceive what is lacking in order to motivate us to buy more, work more, pay more taxes and be "good little consumer sheep." Very rarely do we stop to think about all that we DO have, beginning with the gift of Life and mental free will choice. Through this disoriented perceptual filter we can cultivate a 'full-blown' mutation of mental consciousness. In this mutated consciousness, we begin to believe that "we are entitled," that "someone OWES us" (GOD, the Universe, our parents, spouse, children, employer, government, etc....). Once we fall into this "You OWE me" mind trap, we set ourselves up for continuing self-created frustration, as we place unrealistic and untrue expectations upon life, others and ourselves. We can also often get mighty angry or hurt when we find the universe does not conform to our imagined "pictures." No one OWES us anything! If we feel we are "owed," then we are entertaining LACK CONSCIOUSNESS and a void within the Self is being recognized. If we give to another in order to RECEIVE for ourselves (such as do banks, and often parents, spouses or lovers), and the other does not "pay back" what we expected to receive, we may feel cheated, "taken advantage of," or "owed." In fact, these situations often emerge in our lives as lessons to teach us that giving should be done for the GIVING ALONE, and not for the expected return. If we give what we desire to give, for the joy of giving, we do not feel owed. If we live for the joy of living, without forcing our demands or expectations upon life, we will not feel that "life has short changed us!" It matters not what your neighbor possesses, because in comparing ourselves to each other to see how we "measure up" to each other, we are in effect, continually being distracted from seeing and utilizing the blessings that are our own. If we can work to cultivate the ability to APPRECIATE even the smallest of gifts, blessings and gestures, we will begin to create a life that is at least "half full" instead of "half empty." In terms of universal physics, what you focus your attention upon expands, what you resist persists and what you do not give the energy of Appreciation to will eventually de-manifest right out of your experience. When you approach the world through the chosen filter of genuine GIVING, you are in effect, being an "electrical transmitter," sending energy out to the world around you. When you release electrical energy in this way, you become more "magnetic," as the sending out of energy creates magnetic vortices within the Diodic Grid of your Kathara anatomy. The "magnetized" Diodic points then draw in more universal energy supply, at a higher frequency and quality than the expressed energy, to re-fill the energy void created by the "giving." When you approach the world with the attitude of "getting," this natural physics process becomes inverted. The more you try to "pull" energy from the outside world, the more your energy becomes "stuck" in the Diodic Grid as miasms. The miasms progressively reduce the quantity and lower the frequency of the natural energies you can internally draw from the universal supply. Giving, even in its simplest form of giving Appreciation, keeps the natural energy flow moving. Whatever you give out will return to you amplified. This also works in reverse, however, and giving out a bad attitude of ego, arrogance and "garbage" will cause more of the same to flow your way. Appreciate what you have. LOVE IT, find perspectives through which the joy of it can be known, and know that in the act of genuine Appreciation itself, you will set loose the powers of manifesting more of what you desire and less of the illusion of lack. The "Universe Owes Me" mind trip is one of the most powerful self-sabotage games in the world. Trade it in for consistent Appreciation and your world will progressively expand to hold the reality of the things you most desire. If you feel put upon by the world, and resentful for having your desires unmet, YOU OWE YOURSELF SOMETHING! You owe yourself a greater understanding of the nature of creation and better use of your personal power within the life creation game. SAY THANK YOU to the GOD-SOURCE more often...to help yourself remember what things you have to appreciate, and many more of the kind will be sent along your way.

8. **Patience**: God-Source has its own schedule! We can either acknowledge this intrinsic reality of manifestation and choose to work co-creatively with the God-Source within, trusting that together, you and the universe will create the perfect "Divine Right Timing" (and if that is not "Right NOW," there IS a very good reason for this), or you can let the ego-self try to force its will upon the intrinsic nature of time. If time does not cooperate with your expectations, you can "let that be OK, and trust in Divine Right Timing" or you can progressively frustrate yourself with attachment to the artificial time of clocks, and choose to believe that you cannot have what you desire just because it does not appear when you demand. If we learn to relax, and realize that most things we desire we can indeed achieve in Divine Right Time and Order, we can learn to work co-creatively with the consciousness of time. We will often then find that our lives will progressively better conform to our wishes, especially when we ask nicely rather than DEMAND, and also when we trust the Universal God-Source to do its part in our co-creation. Patience is a virtue that reflects our comprehension of the nature of Universal Order.

9. **Kindness**: Like Respect (Dance for Life Attitude of Mastery #4), Kindness is a birthright, but one that is quite often overlooked and misunderstood. When we approach the world through genuine kindheartedness, sending Love and Respect to all of creation in honor of the God Force that lives within all things, we are, again, transmitting electrical energy of a higher frequency that will follow the mechanics of universal physics to bring more of like kind back to us through universal back flow. Kindness is a gift we must first give to ourselves in order to have it to give to others. Kindness implies being conscientious and caring toward the needs, feelings and desires of both the self and others, and to express this concern and caring in action, attitude and intention. Give to yourself random acts of Kindness,[1] then pass along the gift to all who cross your way. Try being kind to the mean and grouchy neighbor and you may help them rediscover the ability to smile. When we treat all things with Kindness, we demonstrate that we acknowledge their intrinsic value as manifestations of God-Source, and you will often find God-Source lovingly returns the favor.

10. **Conservation**: Conservation is a form of Respect and Appreciation for God-Source energy in all of its expressions, from conserving and protecting our natural resources, to being attentive to the needs of our bodies, to using the energies of our words and actions with gentle Conservation by which we freely use what is needed, but not more. God-Source continually recycles its energies for the rebirth of new expression. All is given freely, but no thing is valueless or wasted. Conservation demonstrates that we have respect and appreciation for the gift of creative energy that God-Source has provided to us. As we learn to use this energy, *in all its forms*, with respect and clear intention, we will progressively fine-tune our ability to create what we desire, and in this process assist all other beings to do the same. There is truth in the old saying "Waste Not, Want Not." If everything we perceive in our hologram of life is understood to be manifestations of God-Source, we might all employ a bit more Respect, Appreciation and Conservation toward the use and applications of the energies of the Divine.

11. **Co-operation / Diplomacy**: Existence is and will always be a co-creative endeavor. We must be willing to allow other beings the fulfillment of their needs and desires if we hope to have our fulfillment known. Creating "Win-Win" situations and creating with the intention of GIVING genuinely are natural ways of being. We might not always agree with the intended creations of others, and we all have a right to our points of view. Diplomacy can be a bridge between forces of opposition, through which effective actions or decisions can be reached to mutually support each perspective. We can learn to agree to disagree respectfully, so the Spiritual Art of Co-operative Co-creation can progressively evolve to higher levels of expression.

12. **Sense**: Learning to identify and appropriately apply both "Common Sense" and the "Uncommon Sense" of spiritual knowing will allow us to establish the greatest balance of energy expression within all aspects of our lives.
